Employees who need to scan paperwork and other documents while working remotely can download and use the following smartphone apps:

- https://acrobat.adobe.com/us/en/mobile/scanner-app.html
- https://play.google.com/store/apps/details?id=com.thegrizzlylabs.geniusscan.free&hl=en_US

In addition, iPhones and iPads are equipped with document reproduction features that enable digital images to be emailed. Learn more about scanning features on an Apple product.

Cameras on Android phones also have document-scanning and emailing features. Learn more about scanning features on an Android phone.
